中国人的餐桌礼仪

Chinese table manners

Chinese people prefer round table when dining, no matter at home or in a restaurant, so that all can sit face-to-face. Seated in a restaurant, the host has the main guest on his right hand and the second-most important guest on his left. The seat opposite to the host, where dishes are served, usually cannot be offered to a guest.

One can tell the host from the guest through the dishes also. If there is a fish dish on the table, the head of the fish should point to the most important guest to show the host's respect for the guest.

Thank you
